MIS THEMES FOR THE YEAR 2019

The UN has announced their theme for the year 2019. This is the International Year of Indigenous Languages (IY2019) in order to raise awareness of them, not only to benefit the people who speak these languages, but also to appreciate the important contribution they make to our world's rich cultural diversity. This theme will be taken as the theme for our various cultural and literary activities. The student will be informed well on time to present this theme through their performance.

The UN Climate Summit 2019 will convene on 'A Race We Can Win. A Race We Must Win' and seek to challenge states, regions, cities, companies, investors and citizens to set up action in six areas : energy transition, climate finance and carbon pricing, industry transition, nature-based solutions, cities and local action and resilience.
