DINING @ MIS

The dining hall at MIS comes alive with Indian ethos & values through the ambience created by the students who serve and organize the meals themselves and commence all the meals with positive chanting of the Gayatri Mantra. The dining hall is a reflection of the idea "what you eat is what you become". With a nutritionist on panel the dishes are not only carefully prepared keeping in mind the nutritional requirements and holistic growth of every child, but are also immensely delicious and appetizing.

Our kitchen staff is very **cautious about food allergies**. Concerned about the fact that many students and staff are sensitive to nuts, gluten, dairy and other foods, they strive to keep these needs in mind. A stringent food safety and hygiene regime is followed to keep the kitchen, storage and dining area diligently clean and sterile.
